Hamilton Library

WARNING LIST SHOWS FEWER MEN FLUNKING

Freshmen Warned In More Hours Than Sophomores

MATH. TAKES TOLL

Puzzles Largest Number of Freshmen; Eng. Lit. Hits Sophs

A general decrease in the percentage of sophomores and freshmen failing in their work, probably due to the fact that a great number of the poorer students were dropped from college in January, was noted from the list of mid-semester warnings posted in the Library yesterday. Forty-three per cent of the freshman class, and forty per cent of the sophomores have received warnings, whereas last Thanksgiving, forty-nine per cent of the freshmen and forty per cent of the sophomores were notified that they were failing in certain courses.

As has been the case for many years, the freshman class is in the lead in the total number of semester hours failed, having 288, in comparison with 274 for the sophomores. Of the 59 freshmen posted, each one averages failure in 4.88 hours, whereas the sophomore average for 54 men posted is 5.07 hours.

While the freshman class is posted for failing the greatest number of hours, it has made great improvement since the list of warnings last November. The fall warnings showed that the class of 1934 was failing in 429 hours, as against the 288 for this semester. Seventy-eight men were warned in the first postings of the year, and only 54 in yesterday's.

The sophomores likewise have improved in this respect,, 54 men, ten less than in November, were posted. When the last postings were announced, the number of men in the freshman class exceeded that of the sophomore class by twenty. At the present time, both classes have 136 men enrolled, so that a fair comparison may be made.

Mathematics again played the greatest havoc with the freshmen, 33 being posted in this subject, and led all the other courses. English Literature was almost as much of a stumbling block to the sophomores, 30 of whom were warned in that subject. In the last mid-semester postings, Mathematics, French, and Latin had the greatest number of failures among freshmen. The latest list, however, shows that German has advanced to second place, with French third. Latin drops behind along with Biology and History. A large number of second year men are failing in Public Speaking, German, and Political Science, much the same as last year.

RICHARDS WILL GIVE LECTURE

Professor at Cambridge To Address Hill Audience On Poets

Hamilton students will be offered a rare treat Monday evening when Professor I. A. Richards visits the Hill to deliver the second of this season's Myers Lectures in the Chapel. Professor Richards, of Cambridge, a visiting lecturer at Harvard University, will address the college body on the subject, "Six Modern Poets."

The poets which the speaker will portray, T. S. Elliott, Yates, De la Mare, Hardy, D. H. Lawrence, and G. M. Hopkins, are all of the modern school. Professor Richards will read selections from the works of each of the poets, and will explain the style and peculiar characteristics of each.

Professor Richards has become so popular at Harvard that his lecture room is always crowded with enthusiastic students who find his lectures extremely interesting. The lecturer, who will be visiting friends on the Hill, had not at first planned to deliver a lecture, but was later prevailed upon to address the students.

Opening of Scientific Library On Second Floor of Chemistry Building Is Announced

A Chemistry library on the second floor of the new Chemistry building, patterned after the Biology-Geology library, was opened last week. Practically the entire accumulation of chemical books, formerly kept in the main library was moved to the new quarters during the past week.

Mr. Joseph D. Ibbotson, librarian, in announcing the opening of the room, said: "It was decided, when the new Chemistry building was planned, to set aside a room to be used as a Chemical library for the convenience of advanced students and faculty members.

"All the books and periodicals relative to Chemistry, excepting those of a popular character, are in the shelves. As the new books and current periodicals are received, they will be placed in the stacks there."

According to Mr. Ibbotson, no books may be drawn from the room, as all are for reference work, to be read when the building is open. Occasionally, when special assignments are given by the Chemistry department, the books needed for reference work will be placed on the regular reserve shelf in the main library building.

The few books that remain in the open stack in the main library deal, for the most part, with the history of chemistry and its service to man. All the abstracts and journals which formerly were found on the second floor of the Library have been moved to the chemistry building.

Hamilton is fortunate in having some of the finest sets of chemical journals that can be procured. Several of these sets have been presented to the library by Professor Arthur P. Saunders of the Chemistry department.

HILL AUDIENCE HEARS RECITAL BY MISS JEAN

Noted Young Belgian Artist Is 'Cello and Soprano Soloist

PLAYS ACCOMPANIMENT

Miss Margot Jean, 'cello and soprano soloist, was artist at the Musical Art Society concert held on Wednesday, March 25, at Sigma Phi Place. Miss Jean is a prominent young Belgian musician.

Especially delightful were her songs, to which she played her own accompaniment on the harp. Her voice is charmingly fluid, and well adapted to such numbers as Mozart's "Voi che sapete." Debussy's "Beau Soir" won great favor from the audience.

Miss Jean's playing of three groups of 'cello solos was well above the average, but was not nearly so satisfying as her vocal performance. In these solos she was competently accompanied by Miss Ann Truesdale.

Miss Jean is one of the few concert artists who include more than one field of musical endeavor in their recitals. Her complete program follows:

I

'Cello
Sonata in G minor — Handel
Grave - Allegro - Sarabande - Allegro

II

Songs at the Harp
Voi che sapete — Mozart
aria — Bononcini
A Pastoral — Veracini

III

'Cello
Concerto in A minor — Saint-Saens

IV

'Cello
Ariette oubliee — Debussy
Piece en forme de Habenera — Ravel
Fileuse — Faure

V

Songs at the Harp
Beau soir — Debussy
La Statue de Tsarkoi-selo — Cui
The Nereid — Glazounoff
Sylvelin — Sinding
Drums of the Sea — Barnett
(With piano obligato)

HILL FENCERS WIN TWO, LOSE SIX THIS YEAR

Defeat Colgate Twice For Only Victories During Season

CAPT. PLACES IN FINALS

The Hamilton College fencing team ended its season with a record of two victories and six defeats in regular meets, and also qualified one man for the finals of the Intercollegiate Championships held in New York.

The steady work of Captain Hancock at the epees and the sensational improvement of Hutchinson in the sabres were the only redeeming features of an otherwise unsuccessful season.

Two victories over Colgate were all that the Hamilton men could score throughout the season. Both of these were rather easy, with many second string men being used.

C. C. N. Y. had little trouble in trouncing the Buff and Blue men 11-6. The New Yorkers won six of the nine foils matches, broke even in the four epee matches, and won the sabres by a 3-1 score.

A southern trip added two more defeats to the list. The University of Pennsylvania won the closest match of the year 9-8, while the Navy was on the long end of a 12-5 score. Weakness in the foils was responsible for both of these losses.

Columbia next took the measure of the Hamilton team, winning by a 12-5 score. The meet was much closer than this result indicates, however, for six of the foils matches were won by a single touch.

A triangular meet with Princeton and Cornell closed the regular season. Princeton scored 23 points to 16 for Cornell and 12 for Hamilton. The Tigers defeated Cornell 11-6, and Hamilton 12-5, while Cornell defeated the Buff and Blue 10-7. Hutchinson was the outstanding individual of the meet, making a clean sweep in the sabres with four victories.

Bonham Gives Information Concerning Flags Over Fireplace In Reading Room of Library

In response to the requests of many students for an explanation of the flags over the fireplace in the reading room of the Library, Professor Milledge L. Bonham, Jr., of the History department, has volunteered the following information.

From left to right the colors are as follows: National Colors, Artillery Guidon, Secretary of War's Colors, Infantry Standard,, Cavalry Standard, and the Infantry Colors.

"The Stars and Stripes (thirteen each), was adopted by Congress on June 14, 1777," wrote Professor Bonham. "As each new state was admitted, a new star and a new stripe were added, until it became evident that so many stripes would make the flag unwieldy.

"In 1818 Congress decided that thereafter the total number of stripes should be thirteen, but a new star should be added to the blue field for each state admitted. So that flag flying over Fort McHenry in September, 1814, which inspired Key's poem, 'The Star Spangled Banner,' had fifteen stars and fifteen stripes, while the National Colors in the Library has only thirteen stripes, but forty-eight stars.

"The Artillery Guidon," Professor Bonham added, "is just what it sounds like, a small flag for artillery to 'guide on.' The soldier riding at the head of the column has on his stirrup a small socket to hold the butt of the staff of such a flag, displayed so that the rest of the column may keep its proper alignment.

"When the Secretary of War is

(Continued on Page Two)

SUBJECT FOR PRIZE DEBATE IS ANNOUNCED

Faculty Establishes Two New Courses Monday

CHANGE IN FRENCH

History 9-10 Is Divided Into Two Separate Parts At Meeting

The approval of the subject for the McKinney Prize Debate, the announcement of a new French course, and the division of the present 9-10 course in History into two separate parts marked the meeting of the faculty held Monday afternoon. The two new courses accepted by the faculty are of great importance in that they provide for long-felt want on the part of both professors and students.

The subject for the debate which the reading committee presented to the faculty was "Communism vs. Capitalism." This subject will be debated June 3 by six seniors who have excelled in debate throughout their courses. The faculty accepted this subject without change.

New History Courses

The new French course has been modeled on the plan of French courses in the larger universities and is to consist chiefly of the use of conversational French. It is to be listed as French 5-6,b, and is to run parallel to the present 5-6 course which is to be called French 5-6,a. It is hoped that this course will supply the French students with a workable knowledge of the language which is usually ommitted in the regular courses. There will also be a certain amount of emphasis placed on French literature.

The new arrangement of the History courses divides into two courses, each of a year's length, the work, usually done in one year, on the subjects of Canadian and Latin American history. The course in Canadian history will be labelled History 9-10, while the course concerning Latin America is to be numbered History 13-14. These two courses will alternate and will be taught by Professor Bonham.

GABOON SPRING ISSUE APPEARS

Plans for Tenth Anniversary Number at House Party Announced

The latest issue of the Royal Gaboon made its appearance just previous to the Easter vacation with a large question mark as the sole cover design on a bright orange cover. C. Ingals Fisher, '32, is editor of the issue which is dedicated to Spring.

Although the issue contains fewer drawings than former issues of the Gaboon, the unusually good selection of exchange material more than makes up for this loss. A new feature in the Spring number is the use of photographs in the "Runs About The Town" section depicting scenes of freshmen paddling by members of the upper classes.

Fisher was very fortunate in obtaining Harry E. aylor, a well-known columnist on the New York Herald-Tribune, to write a page of poetry entitled "Harry E. Taylor's Page." There are also other short sketches of Mr. Taylor's throughout the issue, one of particular note being a model chemistry experiment of "Woman."

The usual pre-vacation review of the current movies is of particular merit. The only page written in a serious vein, it gives unbiased criticisms of the leading motion pictures of the month.

The issue abounds in old prints and cuts with modern and appropriate captions of unusual originality and wit. The editorial page contains an article on the subject of receiving grades in Physical Training Classes. A poem, "Beautiful Spring," completes the page.

The staff has received many letters of comment and praise from similar publications in other colleges on the large amount of originality and fine material which this issue contains.

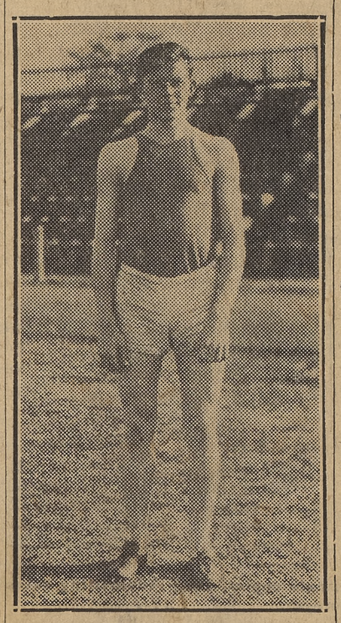
Walter Pritchard Is Elected President of Varsity "H" Club At Smoker Monday

Charles Estabrook Chosen Secretary; Campbell Is Treasurer

Walter C. Pritchard, '32, captain-elect of basketball and former captain of cross-country, was elected president of the Varsity "H" Club at a smoker held at the Sigma Phi Place Monday evening. Charles S. Estabrook, '32, letterman in football, was chosen as secretary and Hallock C. Campbell, '32, captain-elect of cross-country was elected treasurer at the same meeting.

President La Rue Morris, '31, opened the meeting with a short history of the organization. This was followed by a report of the year's activities by Secretary Robert Wilson, '31. Professors Graves, Ristine, and Hess, and Coaches Prettyman, Winters, Weber, and Gelas were among the large number attending the meeting.

Mr. Prettyman spoke before the group, suggesting that the Varsity "H" Club play host to one of the visiting Olympic hockey teams when they arrive in this country next year. Coach Weber described the extensive activities of the Oberlin organization which corresponds to the Varsity "H" Club here.



WALTER C. PRITCHARD, '32

NEW EDITORS ELECTED FOR HILL WEEKLY

Edward Gross and William Monacelli Chosen To Head "Life"

LEWIS IS CARPE EDITOR

Following a meeting of Pi Delta Epsilon for approval of the appointments, Edward V. Gross, '32, was elected editor-in-chief of **Hamilton Life** at a meeting of the board in Chapel April 10. William A. Monacelli, '32 was elected to the post of managing editor at the same time.

Three other members of the board, Jack W. Hummer, '32, Benjamin S. Stone, '32, and William Slone, '32, were appointed assistant editors for next year.

James W. Moore, '31, the retiring editor of the Carpe Diem column, appointed Clifford A. Lewis, '32, to take over his duties. The new columnist is a member of Chi Beta Sigma. Jack W. Hummer, '32, was elected to edit the 1935 Freshman Handbook. He is managing editor of the 1932 "Hamiltonian", assistant manager of basketball, and has been a member of the **Life** board for two years.

The decisions were based upon the separate parts of the work was all considered. The majority of the percentage was given to the two competitive issues which each man produced. These were judged from both a mechanical and an editorial viewpoint.

Gross is a member of the Emerson Literary Society, Pi Delta Epsilon, editor-in-chief of the 1932 "Hamiltonian", letter man in soccer, a member of the "Gaboon" board and a former member of the Press Board. The managing editor, Monacelli, is also a member of the Emerson Literary Society and of Pi Delta Epsilon. He is on the "Gaboon" board, the "Hamiltonian" board, vice-president of the Newman Club, and was formerly a member of the Press Board. Both have been members of the board of **Hamilton Life** since their freshman year.

HANCOCK WINS FOURTH PLACE IN NEW YORK

Fencing Captain Wins Six of Eleven Bouts In Epee Division

FINAL RANKING CLOSE

Winning six out of eleven bouts, Captain Hancock of the Hamilton fencing team won fourth place in the epee division of the intercollegiate fencing tournament held at the Hotel Astor in New York City during the Spring Recess.

Although erratic, losing all five of his bouts in succession, Hancock showed up well, defeating two of the men who placed ahead of him. The fact that his losses were to the inferior competitors was the only disappointment in his work.

Heiss, of Army, Chin, of Yale, and Martinez, of Cornell, were the three who placed ahead of Hancock. All four of these men were very close, a single touch separating each from the men above and below him.

Tuttle entered the novice class, open to those who have not participated in intercollegiate competition, and failed to advance beyond the first group in the round-robin type of tournament.

MEMBERS OF BIOLOGY CLUB MEET TONIGHT

Representatives Of Eastman Company To Show Movies Showing Body Functions

As a special feature of the meeting of the Biology Club in the Biology-Geology building tonight, the faculty advisors have made arrangements with the Eastman Kodak Company to present the latest "movies" concerning the various physiological functions of the body.

Mr. Gardiner of the Eastman staff will present the pictures along with a talk explaining the work that is being done in this field as well as the uses of the camera in medicine and in science generally.

Alexander Woollcott Is Guest At Home of Henry Kean Yuan, ex-'28, In Tientsin, China

Alexander Woollcott, '08, took leave of his multitude of friends on March 31, and embarked for China, where he will be the guest of Henry Kean Yuan, ex-'28, at the latter's home in Tientsin. Beverly Smith, columnist for the New York Herald-Tribune, was one of very few people to know the real reason for Mr. Woollcott's sudden departure, and succeeded in securing an interview at the last moment.

"This departure is supposed to be secret," Mr. Woollcott said. "I've never forgotten the time I went to Europe, and found my stateroom crammed with children's toys. I had the most horrible time getting rid of them."

"But why are you leaving for China tonight?" he was asked. "I always go to China on Mondays," was the answer. Mr. Woollcott was then asked if he was going to China because he was unhappy.

Yuan Expelled From Hamilton

"I am going to China because of Henry Kean Yuan," the eminent play critic remarked. "Four years ago a small, mild, charming Chinese went to Hamilton College, my college. He was Henry Kean Yuan. I had heard much about him. He was the son of Yuan Shih-kai, president of China from 1912 to 1916. When I went up to Hamilton one day to see him, I found the place in an uproar. A desperate gang of marauders, during the night, had flung great boulders through every window in the main building. The police were called out.

"And then little Yuan came forward and confessed that he had done it. A professor of philosophy

(Continued on Page Two)

SCHEDULES TO OPEN SOON IN GOLF, TENNIS

Court Team To Engage In Nine Matches In Spring

SEVEN GOLF MEETS

Linksmen Will Encounter Union, Colgate,, Cornell Amherst

With a complete schedule of nine meets ahead of them, Hamilton College tennis players will meet Colgate in the first encounter of the year at Clinton on April 29. The team will next meet Williams at Williamstown on May 2. Two home meets will then follow, the first with the New York State Teachers' College on May 5 and the second with Syracuse three days later.

Syracuse will entertain Hamilton at a return engagement on May 14 while on May 18 St. Lawrence's tennis team will visit the Hill. St. Stephens will meet Hamilton at Annandale on May 22, and the Buff and Blue will play Union at Schenectady on the next day. Colgate will be the last team played, this return match occurring at Hamilton on May 27.

Eleven Out For Golf

Two matches against Union, Colgate, and Cornell and a single meeting with Amherst are included in the 1931 golf schedule. The team plays its first match in Schenectady on April 30. Colgate comes to Clinton on May 5, and four days later the Hill squad will visit Amherst. Cornell meets Hamilton on the Hill on May 15 and will entertain the Buff and Blue on the Country Club of Ithaca course on May 23. On May 27 Colgate will be met at Hamilton, with the season closing against Union here on May 29.

The golf squad held its first organized practice Monday afternoon, when eight candidates played the college course for the first time this year. There are eleven candidates for the golf team, Bannerman being the only letterman eligible. Other candidates are Adams, '31, and Albert, '32, Burnett, '32, Leavworth, '32, and Warfield, Dixon, Hosmer, Qualey, Greeley, and Massoth, all '33. Practices will be held three times a week under the direction of Coach Albert I. Prettyman.

Track Starts May 2

The baseball team will open its season with three games on the road, and the first two in the metropolitan district on April 24 and 25 against St. Stephens and Pratt, respectively. Rochester will entertain the Hill nine on May 2.

ART EXHIBITION BROUGHT TO HILL

Works of Many Outstanding Contemporary Artists In Library

An exhibition of the work of contemporary artists was given in the College Library today under the auspices of the Arts Club. The pictures were brought to the Hill by the Littlecole Art Galleries of Utica and include the works of many outstanding artists. All works shown are of a widely varying character and have been on exhibition in the leading galleries of the country.

The collection is composed of about 250 pictures—woodcuts, lithographs, etchings, and dry-paints. This wide diffusion makes an interesting and worth-while exhibition. It may be considered the most cosmopolitan, if not the most outstanding, collection of pictures which the College has seen this year.

The artists whose works were placed on exhibition include the names of Rockwell Kent, William Meyerowitz, George P. Eunis, Childe Hassam, Paul King, Carl Rungus, Anton Schutz, Diana Thorne, John Sloane, William Simmons, Chauncey Rydes, William C. McNulty, Earl Hortes, Daniel Garbes, and John Costigan.

WEDNESDAY, APRIL 15, 1931

FOND HOPES

Just a year ago it was said that Hamilton Life had become "a real newspaper." Since that time it has developed even further. The staff has improved the appearance of the paper and done all within its power to cover the news of Hamilton alumni and undergraduates. A plea was made last year requesting alumni to contribute news of their fellow Hamiltonians' activities, and that request is renewed at this time in the hope that more alumni will follow the lead of those who have already responded. This request is applicable to those living on the Hill-top as well, and we solicit your help in securing news of members of the faculty and of the student body.

Not only do we hope to maintain the standard of excellence set during the past year in appearance and service, but we join the list of all our predecessors within the memory of the Oldest Living Alumnus in pleading for a new gymnasium. There are other new buildings that must come, and we number at the top of the list an Auditorium and a Union Building. The latter project ties itself up with two other problems facing immediate attention—those of improving the condition of North College and of erecting a larger dormitory if the Freshman Dormitory Plan is to become a permanent fixture on the Hill. These three problems might be dealt with at one stroke by planning the new dormitory both to take the place of North and to house the Union Building facilities.

We also hope to see the Varsity H Club prosper and carry its policy of entertaining visiting teams even further than at present, and to see better food provided for the men eating in Commons Hall.

Realizing how ambitious this list of projected improvements is, we do not set it down as a program which we will "bally-hoo" until the bitter end, but rather as our fondest hopes for the future.

BONHAM EXPLAINS FLAGS IN LIBRARY

(Continued From Page One)

inspecting troops in the field, or forts or encampments, he displays his official colors, as an index of his rank. The President's colors are similar, but of blue, instead of red."

Professor Bonham further stated that the Regimental Standard is a flag borne by each regiment, to denote the arm of the service. The two in the Library are infantry, (blue) and cavalry, (yellow). "Artillery has a red standard. Our last flag is of the type called 'Regimental Colors.' This consists of the National Colors with their infantry numbers embroidered thereon.

"John Paul Jones was the first man to raise the National Colors over an American naval vessel, in December, 1775, but that was not the Stars and Stripes. They received their baptism of fire, at sea, on the 'Raleigh,' September 4, 1777, in the West Indies. About a month earlier, the Stars and Stripes were first displayed by the army right here in Oneida County, over Fort Stanwix, which was within the limits of the present city of Rome. To make the connection still closer with Hamilton College, the home of the late President Stryker stands on what was the site of the northeast bastion of Fort Stanwix."

The flags discussed were presented a few years ago by Hon. Elihu Root, who procured them when he was Secretary of War under Presidents McKinley and Roosevelt.

Professor Bonham has placed on the reserve shelf for History 7-8 certain books dealing with the history of American flags. One is the "National Geographic Magazine," Volume XXXII. The others are Harrison's "The Stars and Stripes"; Horner's "The American Flag"; and Preble's "Origin and History of the American Flag."

WOOLLCOTT VISITS ALUMNUS IN CHINA

(Continued From Page One)

had told Yuan that his Oriental mind was incapable of understanding the subtleties of Western thought. Yuan had retorted by writing his entire thesis in flawless Chinese. The professor gave Yuan a zero. Yuan broke every window in the building. He was expelled and went to Colgate, an institution maintained for the benefit of persons expelled from Hamilton.

Birthday Celebration Lasts Month

"Between times Yuan came down to visit me in New York. A wholly charming Oriental week end. He told me he must be getting back to China next July to attend the birthday of his mother. 'What day in July is it?' I asked him. 'It is all month,' he said. 'What will you do all that time?' I asked him. 'There'll be something to do,' he said. 'You see, we'll have 1,000 guests during the month, two opera companies, and three theatrical troupes'."

"I inquired what kind of place he had, a palace? 'Not exactly,' Yuan said. 'There are eight palaces, joined together. We have, you see, 400 servants and 200 relatives.' As Dorothy Parker said, 'It's just like the Swopes'."

At this time of so much talk about China, the idea of going to visit Yuan appealed to Mr. Woollcott, and recently, after an exchange of cablegrams, he completed arrangements for his visit to Tientsin during the lengthy birthday celebration.

At a tea on Sunday afternoon, March 22, the neutral body was entertained at the Alpha Delta Phi Hall. Afterwards the group sang a number of fraternity and college songs. About twenty guests were present, including Mrs. Ernst Heyl and Mrs. A .A. Moore.

Hill Golf Course Opens This Week

Although the official opening of the College golf course is not scheduled until the end of this week, classes in sophomore and upper-class Physical Education began on Monday to use the links instead of holding regular classes in the gymnasium. It was expected that the course would be used earlier this year than last, but due to the large fall of snow on April 7, the opening was postponed. The course was ready for use last year on April 14, only one day later than this year. The water and sand pails will be set out on Friday or Saturday.

NEW HILL DANCE BAND ORGANIZED

Jack Dengler, '34, Is Leader of Orchestra—"The Commodores"

Marking another step in the progress of music at Hamilton is the recent organization of a new dance orchestra. This group, called "The Commodores", is under the direction of Jack Dengler, '34, who has been prominent in its organization. The band is now giving auditions in hopes of securing a position near the Hill and eventually a job for the summer.

During the Easter vacation "The Commodores" met in New York and performed before a booking agent in the hope of procuring a place in some hotel during the summer. Sunday they traveled to Syracuse to play over station WSYR from 3:30 to 4:00 P. M. Vocal choruses were sung by Dengler.

The orchestra, made up mostly from members of the former "High Hatters", consist of the following men: trumpets, Arthur Bates, '31, and Gerald Martin, '34; trombone, William Mackensen, '34; saxophones, Judson Springstead, '34, Donald Brockway, '34, and Ray Martin, of Clinton; drums, William Hands, '33; piano, Charles Wirth, '34; violin, Michael Timko, '33; and banjo, Jack Dangler, '34.

CHARLATANS TO GIVE WAR DRAMA IN UTICA

"Journey's End" Will Be Presented At Utica Free Academy April 30

"Journey's End", presented twice on the Hill by the Charlatans, will be given at the Utica Free Academy by that group Thursday, April 30. This will be the first time that "Journey's End" is played before a Utica audience.

This second presentation by the Charlatans is the result of the appreciation expressed over the two performances given on the Hill early in March. The cast will be the same as in earlier productions.

This presentation will be under the auspices of the Punchinello Players, the Utica Free Academy's dramatic club. There will be both matinee and evening performances.

MODEL LEAGUE MEETS FRIDAY

Meagher, Kuczycke, Phelps To Represent Hamilton At Syracuse

At a meeting of the model League of Nations to be held at Syracuse University this week end, Jefferson F. Meagher, '31, Ralph J. Kuczycke, '31, and Robert G. Phelps, '32, will represent Hamilton College. The Hill delegates will take the part of France, and since the French are to have the next presidency of the real League, Meagher has been chosen honorary president of the meeting.

The nations of the League will be represented by 14 upper-New York State colleges and universities, and the planned program of the international organization will be followed at Syracuse. Kuczycke is prepared to discuss the Austro-German tariff union and the independence of the Iraq from the French point of view, and Phelps will speak for France on the Franco-Italian naval agreement.

The parts of the other nations will be taken by Buffalo, Keuka, St. Lawrence, Elmira, Wells, Cornell, Colgate, Union, Syracuse, Rochester, and several other colleges of this region. The representatives will hold three sessions, one Friday and two Saturday. Professor J. B. Smith, noted philosopher of Chicago University, will speak at the dinner Friday evening. The fraternities and sororities at Syracuse are to entertain the representatives over the weekend.

Meagher, Kuczycke, and Phelps were chosen for their scholastic standing, ability as speakers, and their interest in the meeting from a group of volunteers for the positions.

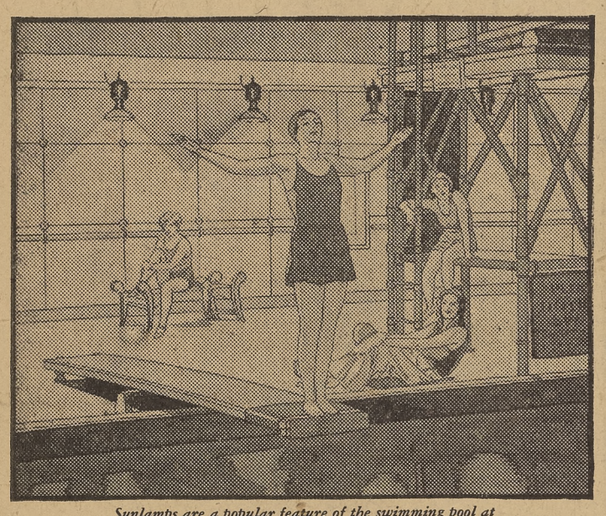
General Electric Contributions to Health



at College
at Home
at Play

Sunlamps are a popular feature of the swimming pool at Hotel St. George, Brooklyn, N. Y.

COLLEGE-TRAINED electrical engineers cooperated with the medical profession in developing G-E products that safeguard health. Notable among these are the x-ray tube, the G-E refrigerator, and the G-E Sunlamp. Of these three, the Sunlamp is the latest development, but it has already been acclaimed for its service in helping build that vitality which maintains the happiness of good health.

At Cornell University, members of "cold-prevention classes" (under daily, brief, ultra-violet-ray lamp treatments) reported 40 per cent less colds than were reported by classmates in a group without this treatment. Beyond home and college, the use of Sunlamps has extended to swimming pools and indoor golf courses. In the future, you may enjoy the Sunlamp as a standard fixture in offices, trains, clubs, and many other places where people gather.

And you may continue to expect new, unusual, and useful developments from G-E engineering and research. Among such products, there will doubtless be further contributions to personal health, comfort, and convenience, as well as to the promotion of industrial efficiency.

GENERAL ELECTRIC

A shave as Cool as a jilted girl, as comforting as the one and only!

GET to know Ingram's and you'll part forever from a razor's burning pinprick smarts!

For Ingram's is cool—*cool*—COOL—*COOL*. It's unique among all shaving creams!

Ingram's is a tonic in itself. It's a shaving cream, a lotion and a skin freshener all in one. With it, you can shave closer. And after you've put away your razor your face will feel soothed and refreshed!

Four things Ingram's does

Number One: It cools and tones your face while you shave.

Number Two: It keeps your skin in better shape to "take" the razor.

Number Three: It enables you to shave closer without discomfort.

Number Four: It gives a heavy lather that lies close and keeps wet underneath.

Don't fail now to try Ingram's. You'll never regret it. It's your best guarantee of a life-time of shaving comfort and luxury.

INGRAM'S Shaving Cream

Bristol-Myers Co. 75 West Street New York

CARPE DIEM

Greetings World! Carpe is starting another year as the humorous section of Life. Right away we have a clash on the meaning of the word humor, and five rubles reward will be given for the best definition.

To some members of the faculty who make our existence possible we wish to give a warning—that everything you say will be held against you. If you can say it we can print it. (Most of the time.)

Little Eddie Graves said the other day that he was glad that Carpy wasn't in any of his classes. Now folks don't get that idea, because Carpy is in every class—the eye of Carpe watches our world, and Eddie, it is looking at you.

Now for the news of the weak:—

Hamilton Professor To Give Lecture

Prof. Fran Les Patton will give a lecture in Utica next week on "Cycling the Cycle". Now according to Webster—he is the fellow who wrote the English Language—to cycle is to ride, and a cycle is a machine like a bicycle. Recommended with reservations.

And as our last Chapel preacher would have it, there is a wetter way to face life. Aren't we all!

To a Water-Lily

The grass was green, the sky was bright,
The water was clear for a week's duration,
The campus made a beautiful sight.
No wonder! Burton on a week's vacation.

Romeo and Juliet?

Amos—"What was the name of one of Shapespeare's plays "N"—in which Antony and Cleopatra
Wilder—were the chief characters?"

Carpe has an idea that Lester Davis is going to buy some golf clubs. Well, Super did.

FRESHMEN TO OPPOSE UTICA DEBATE TEAM

Moore, White, Noon, Donley Will Meet Utica Team On May 7

The newly chosen freshman debating team will meet the Utica Free Academy in their annual debate Thursday evening, May 7, at the auditorium of the academy. The question will be: "Resolved, That the principles of the Soviet Government are beneficial to the Russian people." Hamilton freshmen will have the affirmative with Walter Moore, H. B. White, and William Noon speaking in the order named. Harry Donley will act as alternate.

With Professor Willard B. Marsh as coach the freshmen have started work and hope to reverse the decision of last year when the Hill representatives were defeated. The U. F. A. team has won four out of five debates thus far this season.

These annual debates have been held since 1924 when the Hamilton freshmen won. In 1925 U. F. A. won and since then has defeated the frosh three times.

It is interesting to note that at least one, and sometimes two, Utica men have been on the Hamilton freshman team each year. The Utica men on the team this year are Moore and Noon. In the past years Uticans on the freshmen teams have been John H. Jones, '31, Paul Friedlander, '31, John J. Walsh, '32, Samuel Holt, '32, and Carl Poppe, '33.

TELEGRAPH COMPANY INSTALLS NEW LINE

Direct Communication Now Established Between Clinton And Utica

The Postal Telegraph has recently installed a direct wire between Utica and Clinton, thereby offering to the college community the benefits of its lower rates and efficient service. All a resident of Clinton has to do to send a telegram, cable, radiogram, day or night message or letter is to pick up the receiver of the telephone, ask for "Postal Telegraph", and give the message to the operator. There is no charge for the Clinton to Utica telephone service. H. Durant Osborne, '34, is the Clinton and Hamilton College representative for the Postal Telegraph.

LETTERS WILL BE AWARDED TOMORROW

Undergraduate Association To Hold Annual Spring Meeting

The Undergraduate Association will hold its annual spring meeting tomorrow evening at 7:45 o'clock in the Hall of Commons. The Interfraternity Basketball Cup and varsity letters in hockey, basketball, and fencing will be awarded. A vote will also be taken on the amendment concerning the qualifications necessary for a hockey goal guard to receive a letter.

WHILE "BROWSING" WHY NOT SETTLE THE SPRING WARDROBE QUESTION?

There are some men who have a reputation for "wearing their clothes well." They're classified as "well groomed men." It isn't due to any special developed talent; nor is it altogether a matter of figure or carriage. It is usually due to the clothes themselves; clothes that have grace and contour in their style lines; clothes that are a skillful blending of sound fabrics, new patterns, correct designing and careful workmanship. These qualities characterize Roberts-Wicks Clothes

Delta Kappa Epsilon Quintet Scores 21-15 Victory Over Neutral Group and Captures Interfraternity Basketball Championship

Victors Are Awarded Court Crown and Cup for Second Time

DEKES TAKE EARLY LEAD

Subduing a fighting Neutral organization by a score of 21-15, the Delta Kappa Epsilon quintet captured the interfraternity basketball championship of Hamilton College in the final game played Wednesday, March 25, in the Soper gym. The Neutral team, champions of 1930, could not match the superior teamwork of the DKE five.

"Howie" Hosmer, playing from a guard position, was high scorer of the game with seven points, although closely followed by Murphy and White with six counters each. The excellent floor work of "Bud" Mead was largely instrumental in the Neutral's defeat.

Starting off with a rush, the DKE team piled up a lead which it maintained up to the half time. Murphy's accurate shooting combined with numerous fumbles by the Neutral forwards allowed the Dekes to leave the floor at that time with a 11-7 lead.

Neutrals Rally

Hosmer and Mead, working in splendid cooperation, increased the lead in the second half, which a belated Neutral rally could not equal. Anderson, Neutral center, sank two long shots from the middle of the floor to draw his team into a striking position as the Dekes attempted to "stall" for time. Seeing that their strategy was failing to work, the DKE quintet scored four more points to clinch the championship, 1-15.

THE BEST WAY to find out just what the new Humidor Pack does for Camel smokers is to switch over to this famous brand for an entire day. After you have tasted the Camel blend of choicest Turkish and mellowest Domestic tobaccos kept in prime fresh condition, just quit Camels if you can. Remember, it's dust-dry cigarettes that have been robbed of their natural moisture by evaporation or scorching that sting the tongue and burn the throat. There are none of these discomforts with Camels. Try them and see for yourself.
